| Amount Requested | \$10,000 |
| Amount of In-Kind or Cash Funds Matched by Grantee | \$14,600 |
| Total Project Costs | \$24,600 |
| Percentage of Project to be Grant (City) Funded | 41% |

Project Summary: The goal of this project is to prevent graffiti vandalism on the Grain Belt Beer Sign, a historical landmark. Graffiti prevention will be achieved by building an enclosure with a cantilevered roof canted at a slight downward and outward angle over the base of the sign, making it extraordinarily difficult for taggers to ascend the structure and graffiti the sign. Project plan also includes educating youth on the negative affects of graffiti and careers in preservation and restoration that could be pursued vocationally.

| Amount Requested | \$5,900 |
| Amount of In-Kind or Cash Funds Matched by Grantee | \$5,900 |
| Total Project Costs | \$11,800 |
| Percentage of Project to be Grant (City) Funded | 50% |

Project Summary: The goal of this project is to reduce the amount of prime real estate available for taggers and create a sense of place within the neighborhood. Project will include working with Washburn High School art students in designing utility box wraps for ten to 15 boxes, and an independent survey of community members on their perception of the project and goals. The utility box wrappings will increase the sense of safety and community, promote belonging and pride, and deter incidents of graffiti.

Project Summary: A three-pronged effort of eradication, education and prevention is needed to attack graffiti in the Cedar Riverside neighborhood. This project will engage teens in roles as problem solvers to examine the issues of neighborhood deterioration from graffiti, while obtaining skills in mural development, and learning the importance of graffiti reduction and prevention. The project will result in a youth mural on a graffiti hot-spot, as well as training youth to become core leaders, and providing them with transferable skills.
